

Breakthrough coaching

Coach experience 20 years'
In portfolio since 1-1-2025
Number coachees ytd 5

Intake 90 minutes: € 250,-
Follow-up process to be determined in consultation
Including overhead

THE RESET HOUSE

Trauma is a profound physical, emotional and mental response to a shocking, stressful, or painful event, which can have long-lasting effects on thoughts, feelings, and behaviours.

Trauma coaching requires not only expertise, but also ethical responsibility and an integral approach. That is why we will always reassess which approach is most appropriate and whether cooperation with other specialized professionals is necessary.
